- Taking New Technology Applications to the Classroom: Blogging, Texting, Facebook, etc.
- Cyberbullying
- Response to Intervention (RTI) and Its Impact on Classroom Instruction
- High Impact Instructional Strategies in Math, Reading/Language Arts, Science & Social Studies
- Classroom Management/Managing Anti-Social Behavior
- Building Vocabulary K-12: Ideas for All Disciplines
- Hitting the Target: Closing the Achievement Gap with Special Populations
- Get the latest information on:
 - Changes to the Pension System and Planning for Retirement
 - RIDE's New "Professional Code of Responsibility" and What It Means For You

and much, much more....

QuEST '07 attracted more than 900 RI teachers and guests and received rave reviews for the important information shared, the engaging workshops & experienced presenters and, of course, the opportunity to meet with colleagues from across the state to share ideas and camaraderie. Don't miss the chance to join us on November 6th and 7th for QuEST '09.

Look for registration materials in September.
